Getting between Terminal 5 and Terminal 4

The Piccadilly line is free between terminals at Heathrow (Oyster or contactless required), but requires a change when travelling between Terminals 4 and 5. It will be easier to use the services in the table below, especially during the night when the Piccadilly line doesn't operate to Terminal 4.

Other buses and coaches operate between Terminals 4 and 5. These are the 482, 490, and National Express. A fare is applicable on these services (cash not accepted on the 482 or 490).

Route H30 is free buses between T4 and T5. Other services charge £2
